7. Have you traded 10 bets with at least 8 turning profit?
8. Have you turned 200K real money into 400K within 12 months?
9. **The real essence of 九陰真經.**

1. understand 匯賭術中文?

- Read at least 10 times.
- Understand every page, every sentence and every word.
- Be able to talk about 在外匯賭場，究竟賭什麼?
- Explain how USSR disintegrated in the Currency Battle in 1991.
- Explain how the Asian Miracle collapsed in 1997.
- Explain the graphs in dailyfx.com
- Explain the currency quote overview slide and the two slides on RMB depreciating and appreciating.

2. Can you do Exercises 1 and 2 without reading the answers first?

- Exercise 1 is on the RMB depreciating graph.
 - Check out the maximum and minimum values between Dec 2014 to Dec 2017
 - For EURUSD, USDJPY, USDSGD
 - Discuss the various strategies as if you had traded them.
- Exercise 2 is on the RMB appreciating graph.
 - List all the reasons you can think of leading to RMB appreciation
 - List all the reasons you can think of leading to RMB depreciation
- Repeat Exercise 2 for USDSGD, USDJPY or EURUSD

3. Present to two persons successfully?

- One should be a friend for many years.
 - Your Friend knows that you were not expert in Forex Trading.
 - Your Friend is skeptical on your new knowledge.
 - Rate your success on his comments.
- One should be a stranger or new friend.
 - The stranger may be more polite to you.
 - Get him excited on Forex Trading/Gambling.
 - If he wants to be your friend and listen more, you are successful.
- You must project the image of Super Silicon Valley Mentality
 - Everything is third class, improve them to second or first class.

4. Dummy traded on three pairs?

- One pair should be a relatively obscure pair
 - Mexico, Brazil, Indonesia, Thailand, India, Malaysia...
 - Use a past major event to dummy trade.
 - Use a present major event to dummy trade.
- Use a period that the fluctuation exceeded 5%.
 - Give reasons for that large fluctuation.
 - Are such events likely to occur again?
- Develop the self-confidence that you can spot and take advantage of any major World Event.

5. Dummy traded in three Forex Casinos?

- At least one should be in Hong Kong with 1:20 leverage.
 - Emperor International Exchange is a good example.
 - They have physical locations in Hong Kong.
- At least one should have leverage 1:200 or more.
 - Search on-line
 - Trade the same pair with same strategy on both casinos
 - Compare the results (try to deliberately do a losing trade)
- Approach a Bank or Brokerage offering
 - Foreign Exchange Linked Investment giving 5% annual return or more.
 - Compare their offering with your potential profits/losses.

6. Turned 200K fake money into 400K?

- You must perform this before committing any real money.
 - If you fail, try again at another Forex Casino.
 - You can also use a different email account on the same Casino.
- There are many subtleties that cannot be taught in a Classroom.
 - One of them is the emotional factor.
 - Another is patience – you have to wait for events to happen over days/weeks.
- Many Students are careful in their first few bets.
 - They get bored and use the gambling attitude afterwards.
 - It is more fun to gamble than doing the back-breaking analysis.

7. Traded 10 bets with at least 8 profitable?

- Careful management of bets will provide success even on 50% successful guess rate.
- 九陰真經 is not simple gambling. It is a winning strategy.
- The top experts claim 90% success rate.
 - Those achieving 80% are usually financially secure.
 - Those with 60 to 70% can land good jobs at Banks or Investment Firms.
- The real goal in teaching 九陰真經 is not to make money but
- **To Build a New Financial Order that will benefit all!**

8. Turned 200K real money into 400K?

- **You graduated. The 400K is your certificate. Buy something to celebrate and remember.**
- If you cannot afford 200K real money, this gambling is NOT for you.
 - You should work for someone else to earn that capital first.
 - Many earn over 1m before quitting.
- **Gambling Forex as a hobby is different from doing it as a career.**
 - As a career, you need income every month.
 - Your spouse, relatives and friends will not understand you at beginning.
 - You and your spouse are tempted to show success before actual happening.
- **The Real Goal is to benefit the World. Money can be printed.**

9. The real essence of 九陰真經.

- Be a “tenth grade” Economic War Player that can bring peace and prosperity to the World.
- Governments can create thin-air money. They must print money to make citizens wealthy.
- The thin-air money must create Meaningful Economic Activities.
- When a Nation wants to be rich and remain rich, the best strategy is to help other Nations rich.
- The old evil philosophy of getting rich via conquest or colonialism must not be repeated – even in the financial front.
- You can build a better World with your knowledge of 九陰真經.
